Simon Says 6b

Players: 2-8 Grid: 12x12 or bigger Set Up: - Players from each team are on opposite sides of each other - 2 different color goals are set up on either side. the goals should be 2-3 yards wide.

- Players start in the middle at each end. Coach yells a color of a goal, the players must run through that color goal then receive a pass from a coach. The players then go 1v1 against each other trying to score on either goal opposite of them. Variations: Players must go through both goals before receiving a pass. Players may only score on the color goal that was called by the coach. Point should always be awarded so as to make it a competition between players and teams.
